For more information, call the Santa Cruz County RCD at 464-2950

The "Blue Circle" is a Coordinated Resource Management and Planning (CRMP) advisory team organized by the Santa Cruz County Resource Conservation District (SCCRCD). The "Blue Circle's" charge is advisory in nature, assisting local watershed groups that are using a CRMP process to plan and implement projects in Santa Cruz County watersheds. The "Blue Circle" includes representatives from public agencies, units of government, special interest organizations that have jurisdiction or concerns in Santa Cruz County watersheds. The "Blue Circle" meets four times a year or as needed.
