MINUTES
The Board reviewed the November 30, 2012 meeting minutes. Several typographical errors were found and corrections were made to the minutes. The Board questioned why the San Benito Water Agency was the Subgrantee for the College Lake project discussed at the November meeting. Kelli responded that there are several water agencies, Santa Clara Valley Water District, San Benito Water Management Agency and the Pajaro Valley Water Management Agency, that are involved in the Proposition 84 Grant and San Benito Water Agency was chosen to be the Subgrantee for this particular project. Howard Liebenberg requested an update from the last meeting on what it meant to be “self-insured.” Tangi responded, saying that because the District has chosen to go outside of the state system for Workers’ Compensation Insurance, the District is now considered “self-insured” though we are insured through the Special District Risk Management Authority. Howard Liebenberg then moved to approve the meeting minutes with the corrected “typos.” Dave Moeller seconded the motion. All were in favor of the motion.
